# LIFE ON YOUR TERMS

The world has changed and so have I. I don't do things the same as the generations that came before me and I'm proud of it! I know what I want, and that is to remain independent. I want to age my way, in my own place. I've always faced life head on and will keep doing it that way. I live life according to my rules. What does the future look like? It looks the way I want it to look! Bottom line? Life is full of experiences, and I'm going to experience life on my terms!
